### Networking and Drinks 4 – 5pm

Please stay with us for refreshments and networking conversations!

The Australian Secondary Principals' Association (ASPA) is the national peak body advocating in the interest of public secondary school leaders and the school communities they lead across Australia.

We work in partnership with all state and territory public secondary school principals' associations as the leading national voice in secondary school education.

We represent more than 2200 principals & school leaders and well over one million students.
